

## OUR AMERICAN HOSPITALITY

Is famous the wide world over, and it is from this racial trait our national drinking customs have arisen. To heartily welcome a visitor or to entertain a friend has always been regarded as a sacred duty. And how can anyone be welcomed better than with hearty invitation to join with you in a glass or two of

The King of All Bottled Beers

This famous brew is "a friend" of every man who uses it. Not only is it a delightful drink in itself but, because of its tonic qualities, it is highly healthful. Good barley and hop beer has always been used by the strongest and most civilized nations of the earth.

The new building will be 30 by 60, two stories in height. This is the first time in more than a year that Mr. Stahl has been away from the mine, and on this visit he will combine pleasure with business, as San Francisco was for many years his home, and he will spend some weeks with relatives and friends.

## TRACK IS GOING DOWN RAPIDLY

### WESTERN PACIFIC RAILS WILL SOON REACH ANTELOPE POINT.

Tracklaying on the Western Pacific railway from Winnemucca west has reached a point a little beyond the Golden Eagle mine at New Central, a distance of twenty-eight miles. C. W. Root, tracklaying engineer, has now a full crew of men with the big machine and the steel is now being laid very rapidly.

In a few days the rails will be laid across the big Jungo desert and near Rosebud. At Antelope Point is where the company's gravel beds are located. All the gravel to be used in ballasting east and west from Winnemucca and covering many miles, will be hauled from this gravel deposit.

On account of the scarcity of material there has been some delay in tracklaying east of Winnemucca. Steel has been laid to Rocky Point, opposite Battle Mountain. With plenty of material on hand it will not take long to finish this stretch at the pace the big tracklaying machine has been coming that way.

Quality the best, service unexcelled at the Casino Cafe.

### IDAHO WOOL SALE BRINGS BIG PRICES

The only advertised wool sale to be held in Idaho this year was the one held last week at Mountain Home. This sale is said to have been the best sale for the growers that has been held in the state for several years. The prices have not been given out, but they were high, and averaged, it is said, around 21 cents a pound. Three hundred and fifty thousand pounds of wool were disposed of at the sale.
